Subject: Aberdeen Chemical Agent Neutralization Facility
Contract DAAA09-02-G-0005 Task Order 1 With the Department of Defense (Army)
Purchase Order for Pre-Fabricated Personnel/Maintenance Building

Ladies and Gentlemen:

Bechtel National, Inc. wishes to thank The Eagle Companies and Mr. Tim Tobin for their exceptional performance in support of the subject project. In the wake of September 11, the rapid construction of a facility to destroy a mustard agent stockpile at Aberdeen Proving Ground in Maryland became a matter of national security.

Bechtel awarded a Purchase Order to The Eagle Companies to provide a pre-fabricated building where personnel involved in the destruction process could perform maintenance and repair of the agent handling equipment. Delivery of the building was required in an exceptionally short time and Mr. Tobin committed himself to meeting that delivery requirement. The Eagle Companies met the requirement with delivery of a building that met all requirements without exception.

The overall experience, including the solicitation and closeout phases of this Purchase Order was very positive. I will most certainly recommend The Eagle Companies to buyers who require your product line on other projects.
