Dear Tim:

We take a great deal of pleasure in providing you with a letter of satisfaction and recommendation for mobile unit you provided us in support of a critical defense program. Although we placed you under a near impossible schedule for time and cost you managed to meet these obligations while providing a quality product.

Your cooperation, understanding of the specifications, ingenuity, communication and recommendations made for a much versatile product that we had originally requested. Specifically your recommendation to mount the container on an ISO rated trailer thereby allowing downloading of the container and movement of any 40' ISO container has been most beneficial.

The trailer is being utilized in an extremely corrosive environment and we understand it is holding up well under the circumstances.

Finally, although we are not at liberty to divulge other sources we will tell you that your delivery schedule was 1/3 of the time quoted by other vendors and the costs were significantly less as well.

We would not hesitate to engage your services again should the need arise. As a matter of fact you are now a permanent member of our logistics providers database.

If we can be of further assistance or provide additional data please feel free to call Mr. Carl Sweetland (256) 971-2564.

Sincerely,

Roosevelt Conley
